 Subject: ACTION/REVIEW by Oct 25: October 18 CZARA 2617 SA Commitments Action Items/Draft Agenda for Quarterly Mgt Call

Hi All,

Please review the following action items and draft agenda for the Mgrs Quarterly Call for accuracy and completeness by October 25.

October 18 CZARA 2617 SA Commitments Action Items/Draft Agenda for Quarterly Mgt Call

Action Items

EPA/NOAA's Initial Written Assessment

By December 31, EPA/NOAA provide Oregon and plaintiffs with initial written assessment on
 1) whether implementation of the Oregon Coastal TMDL Approach in the Mid-Coast Sub-basins is likely to result in actions that will achieve and maintain WQS and
 2) whether OR's plan for developing and updating TMDLs for all sub-basins in the CNPCP management area using the Oregon Coastal TMDL Approach could satisfy the outstanding forestry condition. In developing this assessment, EPA/NOAA should consider comments from plaintiff with respect to ODEQ's proposed TMDLs and BMPs.
 Jayne will generate a draft list of documents currently available for EPA/NOAA's Initial Written Assessment by Oct 23. The federal and state agencies will review and add to the list. This list, which

EPA/NOAA will use to develop its initial written assessment becomes final on Oct 26.

New Development

October 26: Gene will email the revised draft "Guidance for TMDL Implementation Plan Development for Urban/Rural Residential Land Uses within the Coastal Zone Management Area" to EPA/NOAA.

Fall 2012: Don/Gene/Patty or Amanda will document how both agencies intend to "roll out" the Guidance for TMDL Implementation Plan Development for Urban/Rural Residential Land Uses within the Coastal Zone Management Area" information to the DMAs (including incorporating the training into the Coastal Planners' Spring Meeting) possibly in a communication plan format.

By late Fall 2012, Don will send out summary of how the new development measure has been addressed through the issuance, outreach/education and implementation of "Guidance for TMDL Implementation Plan Development for Urban/Rural Residential Land Uses within the Coastal Zone Management Area."

Forestry

Alison, NOAA and Jenny, EPA R10 will help Joshua Seeds, DEQ find scientific literature summaries/evaluations on approaches on sediment pertaining to non-fish bearing streams.

Updated Decision Rationales

EPA/NOAA may request information from DEQ to in its effort to update EPA/NOAA's Interim Decision Rationales.

Draft Agenda

Introductions & News/Recent Developments (All)

EPA/NOAA's Initial Written Assessment & Updated NOAA/EPA Interim Decision Rationales (Jayne)

On-site Disposal System Action Items Update: Accomplishments and Challenges (Randy)

New Development Action Items Update: Accomplishments and Challenges (Gene)

Forestry: Accomplishments and Challenges (Gene):

Update on MidCoast IR Bacteria & Sediment TMDLs (Gene)

Temperature MidCoast IR TMDL Development Approach (Jenny/Gene)

Next steps/action items

Cheers,
